Voting members consist of the Executive Committee. The Chairman only votes in the event of a tie. A Motion can be voted upon with a Quorum of the Voting Members present. A Quorum consists of five Voting Members present. An affirmative vote will consist of 51% of the Quorum present. Committee Chairmen and in their absence, the Committee Vice Chairmen are encouraged to attend board meetings and provide representation and committee reports. The Editor welcomes newsworthy items about SPE members or events. Please provide a draft to the newsletter editor by the 25th of the month. Change of contact information requests should be made to SPE in Richardson, TX, 1-800-456-6863, or service@spe.org.
If you missed our January meeting, I am sorry because you missed an excellent presentation. I have known Mr. Pope for a long time and he did not disappoint. His presentation on coiled tubing operations entitled “Stop, Drop and Circulate: An Engineered Approach to Coiled Tubing Intervention in Horizontal Wells” challenged many industry concepts that surround drill outs. We had to turn a few people away at the door and for that I offer my apologies. Please keep an eye on your inboxes for information about our February 19th luncheon featuring Richard Spears. Due to scheduling, we will have very limited space and I encourage you to register early. Registering early helps our planning with the Summit Club and saves the chapter a little money, but most importantly will prevent you from being turned away at the door. We are also making plans for a potential short course in March with more information coming soon.

As this is the 2nd newsletter of the year, and you are receiving it, you have likely already renewed your SPE membership. If not, I encourage you to do so and also to remind others to renew. I will also remind you of our current membership contest the out Membership Chair, Buck Walsh, has put together. We will be awarding a gift card to the member who recruits the most new members each month and another who recruits the most during the contest.

Planning for IOR 2020 has begun. The committee will need our support to make this a success. This is great opportunity to get involved and we will need lots of volunteers to make it happen. Please let me know if you are interested. We will also be seeking officer nominations for the 2019-2020 session very soon. If you are interested or have questions, please contact myself or any of the chapter officers. We would be happy to answer any questions you may have.

Lastly…..if you haven’t already thought about your plans for Valentine’s Day…..DON’T WAIT! DO IT NOW!!! February 14th will be here before you know it!!!

Talk to you in March.

Hap Pinkerton
2018-2019 Chairman

January has passed and February is upon us. It contains at least two days of note—Presidents' Day and Valentine's Day. Be sure to add another day for your activities—our Mid-Continent Luncheon. Prepare to change your luncheon schedule to include our February meeting at the Summit Club.

Also, remember to review the ads in your newsletter. There are some interesting technologies that can help solve some of the scientific challenges that confront you. Look for technologies that can help you do your job faster, economically and accurately. When you find these outstanding technologies, share them with your fellow professionals by talking about the successes you have had.

Come join us!!

**Thursday, March 21, 2019 - Luncheon Meeting & Short Course - Summit Club ** **SAVE THE DATE **
- Rick Springer "Well Blowout Prevention"

*All SPE luncheons are held at the Summit Club unless otherwise noted - See p7 for more details.*
"One Member at a Time"
Mid-Continent Section SPE Membership Recruiting Contest

To encourage participation in the many benefits of membership in the Mid-Continent Section SPE, we are pleased to announce the 2019 Mid-Continent Section SPE “One Member at a Time” Membership Recruiting Contest. By simply recruiting new members to join SPE, you can win valuable prizes. The Mid-Continent Section SPE is the oldest section of SPE founded on December 28, 1917 with a proud history of playing a key role in providing its membership with technical and professional growth opportunities. How do we do it…. “One Member at a Time”.

Please join us and invite a colleague to join the SPE Mid-Continent Section of SPE. The prospective member may be of any engineering or support discipline as long as they serve in an active role within the petroleum industry.

Contest Details:
• 8 month contest (01/01/2019)

Eligible Participants:
• Contest open to SPE Mid-Continent Section members in good standing.
• Student members are not eligible to participate and new student memberships do not count in the contest.

Bi-Monthly Prizes ($200 Gift Card):
• One winner selected by random drawing of contestants at the end of each bi-monthly period.
  o Jan-Feb
  o Mar-Apr
  o May-Jun
  o Jul-Aug
• Contest participants begin each bi-monthly period with zero entries and must recruit additional members during the bi-monthly period to be eligible for the bi-monthly drawings.
• Each contest’s number of entries in the drawing is determined by the number of new members recruited in each bi-monthly period.
• To receive credit, participant must be listed as the SPE member responsible for encouragement on the application form submitted or be identified on the confirmation email SPE sends after the online application is submitted.

Meet Covia, founded in 2018 through the merging of two leading organizations: Fairmount Santrol and Unimin Corporation

We’re the oil and gas industry’s leading material solutions provider, with a broad array of high-quality products and distinctive technical capabilities.

With over 65 terminals in all key basins, our ability to deliver the right product, to the right place, at the right time is unmatched. Just as strong is our commitment to building partnerships that help our customers succeed.

Learn more about our commitment to partnership at CoviaCorp.com/SPE
FEBRUARY 2019

TUESDAY February 19 2019 - Luncheon Meeting
Location: Summit Club, 31st Floor, Renaissance Room
Topic: "Outlook for the Oilfield Equipment and Services Market in 2019"

Register: https://spemc021919.eventbrite.com

Description
As a result of surprisingly low oil prices near the end of 2018, the upstream oil and gas industry hit a speedbump in the 4th Quarter of 2018, jolting the drilling and completion budgets of many exploration and production companies, around the world, for year 2019. Consequently, questions surfaced among upstream equipment and services industries as to the prospects for continued growth into 2019.

Some of the questions include the following: (1) Will the United States see continued growth in drilling and completion work in 2019? (2) Will Canada’s growth remain stuck in neutral? (3) Will international growth make up for the slack seen in North America? This presentation shares the 2019 outlook for the equipment and services markets as researched by Spears & Associates, Inc.

Speaker
Richard Spears
Richard has worked for 40 years in the upstream sector of the oil and gas industry. After earning an engineering degree from Oklahoma State University, with graduate work in industrial engineering, Richard began his petroleum experience as a field engineer with Halliburton. Richard currently serves as Managing Director of Spears & Associates, Inc., a Tulsa based oilfield market research firm founded in 1965. The firm prides itself in having over 350 clients worldwide, including major producing companies, service companies, and institutional investors. Richard has been with the firm since 1985. He is a 35-year member of SPE and has been a past Distinguished Lecturer.

MARCH 2019 - ** SAVE THE DATE **

Luncheon Meeting & Short Course - details coming soon...
THURSDAY March 21 2019 - Luncheon Meeting & Short Course
Location: Summit Club, 30th Floor, Ballroom
Speaker: Rick Springer
Topic: "Well Blowout Prevention"
SPE Mid-Continent luncheon meetings are held at the Summit Club** in Tulsa from 11:20-1:00 p.m. unless otherwise noted. To register and pay by credit card, or make a reservation to pay by check or cash at the door, go to the corresponding link for a luncheon. Luncheon cost is $25.00 professional, $10 retired/unemployed, and free for students. Payment by credit card is for advanced registrations ONLY, no credit cards will be accepted at the meeting, only check or cash with a reservation. Registration ends 48 hours prior to the luncheon date. No walk-ins please.

**Summit Club | Bank of America Center, 15 West Sixth Street (NE corner of 6th & Boulder) | Tulsa, OK 74119 | 918.582.5243 | Parking details are available at www.summittulsa.com/club/parking.

continued from page 4

Grand Prize ($500 Gift Card):
• A grand prize will be awarded to the Mid-Continent Section member who recruits the most new members during the 8 month contest period. A minimum of 3 new members must be recruited to qualify for the Grand Prize. In the event that the number of new members recruited results in a tie, the Grand Prize winner will be selected by a random drawing of those contestants tied for the most new members recruited during the 8 month contest period.

Recruiting New SPE Members:
• Go to www.spe.org/join and click on the “printable membership application form” (pdf). Print as many as you need to hand-out to prospective members. Prospective members may join SPE via the online membership application and submitting it with a credit card number. Or, if they wish, printing the application and submitting it by mail, attaching a check for the required fee.

A FREE SERVICE FOR MID-CONTINENT SECTION MEMBERS AND THEIR EMPLOYERS
SPE is offering a free service to section members and their employers for the posting of jobs offered by employers (please, no third party recruiters) seeking to hire SPE members and for members seeking employment. Unless otherwise arranged, ads will stay on the website for one calendar month. To view available jobs go to the section website www.spemc.org and select Help Wanted/Situation Wanted. To submit an ad (120 words or less, please) e-mail spemc@spemc.org for consideration.
PetroWiki is a free resource from SPE to answer many basic petroleum engineering and operational questions. SPE professional members can contribute their expertise through updating or adding to PetroWiki content.
